# Effects & Emotions

## Home Cinema systems for film buffs

To turn home cinema into a genuine cinematic experience you need precisely 5.1 components. These provide crystal-clear dialogue plus impressive sound effects and lend new emotional depth to every film. All you have to do is sit back and enjoy the ride.

### Appropriate sound solutions

Whether you choose a high performance, high-end system or a compact set such as the Movie 135 for smaller spaces, the broad product portfolio offers a wide range of systems for different requirements. They vary not only in output but also in materials, cabinet design, surface finish and color.

## 5.1 Home Cinema system

Perfect home cinema needs six loudspeakers: two front and two effect speakers, one center speaker and a high performance active subwoofer. Well set up they turn any living space into a proper cinema.

  - Center: 7.9" x 3.5" x 4.1"
  - Subwoofer: 23 x 38 x 42 cm
  - Subwoofer: 9.1" x 15" x 16.5"

## 5.1 HOME CINEMA FEATURES

### Front and rear loudspeakers

Our front loudspeakers come in the form of columns or compact satellites, turn the room into a stage and guarantee a broad range of sound. The rear loudspeakers in satellite format give the sound spatial depth and ensure impressive sound effects.

### Moviemount

The Moviemount wall mounting supplied makes it easy to mount the satellites securely on the wall.

### Large center speaker

The central speakers are the stars of any home cinema system. They transmit up to 70 % of the film and music information and their wide dispersion characteristics provide an optimal sound experience plus outstanding speech intelligibility in all situations.

### Powerful active subwoofer

The generously dimensioned subwoofer with its high capacity digital amplifiers and long-throw speaker systems convey the emotion in our movie systems and ensure a solid bass foundation. Thanks to a range of different settings they can be adjusted to suit spatial conditions and personal listening tastes.

Loudspeaker stands are extras and are not included in the scope of the delivery.

May be subject to technical changes. Errors and omissions excepted.
