

## Cables & Accessories

Upgrade your sound!

**TAGA Harmony** offers top build quality Audio-Video cables with superb performance dedicated for demanding audiophiles and installers. Although quality of our cables is high our prices are not! - now everybody can enjoy the best sound!

### PLATINUM Line Speaker Cables [available in bulk or terminated versions]

The Platinum speaker cable is designed for use in high-end stereo and home theatre systems. Its braided construction has no surface or center and frequency-related phase shift is effectively canceled. Different frequencies signals are distributed through different paths so the internal disruptions are greatly reduced as well as losses in high registers are limited.

The cable is available in 2 variants: 16-conductor and 8-conductor versions. The sound is very transparent and natural in higher and mid frequencies as well as dynamic and extended in a bass section.

16C models: 16 conductors [8 white and 8 transparent]  
8C models: 8 conductors [4 white and 4 transparent]  
Each conductor: 1.2mm [18AWG]

Terminated cables:  
Terminated with high-grade gold-plated copper banana plugs  
Packaging: canvas bag, 2 adjustable cable ties included

Braided multi-stranded, ultra-high purity 99.99% Oxygen Free Copper conductors

HDPE - Ultra low-loss, low capacitance high-density polyethylene dielectric insulation

## AZURE Line Speaker Cables [available in bulk or terminated versions]

The Azure speaker cable is designed for use in premium hi-fi and home theatre systems. Its twisted-pair geometry, multi-stranded ultra-high purity 99.99% Oxygen Free Copper conductors, low capacitance HDPE dielectric insulation and specially designed shielding provide perfect connection and sound throughout your audio system.

The cable is available in many variants from 2-conductor versions in different sizes of cross-sections to a bi-wiring version.

12/14 BIWIRE models:  
4 conductors: 2 x 2.5mm [12AWG] and 2 x 2mm [14AWG]  
12-2C models: 2 conductors: 2 x 2.5mm [12AWG]  
14-2C models: 2 conductors: 2 x 2mm [14AWG]

Terminated cables:  
Terminated with high-grade gold-plated copper banana plugs  
Packaging: canvas bag, 2 adjustable cable ties included

Twisted-pair multi-stranded, ultra-high purity 99.99% Oxygen Free Copper conductors

HDPE - Ultra low-loss, low capacitance high-density polyethylene dielectric insulation for conductors

Low friction, easy-to-pull outer PVC jacket

## BLUE Line Speaker Cables [available terminated]

The BLUE speaker cable is designed for use in premium hi-fi systems but it carries a very un-premium price tag! 12 or 16 gauge multi-stranded ultra-high purity OFC wiring and pure and high-grade copper banana plugs make your system to sound much better.

The BLUE cable is precisely engineered for transparent sound-staging, enhanced imaging, dynamics, detail and low-pitched bass.

2-conductor: 2.5mm [12AWG] or 1.7mm [16AWG] / conductor  
Terminated with high-grade gold-plated copper banana plugs  
Packaging: canvas bag, 2 adjustable cable ties included

Multi-stranded, ultra-high purity 99.99% Oxygen Free Copper conductors

HDPE - Ultra low-loss, low capacitance high-density polyethylene dielectric insulation for conductors

Low friction, easy-to-pull outer PVC jacket

## TAVC Audio-Video Line Speaker Cables [available in bulk]

When it comes to upgrading your sound, decent speaker cables are one of the most important elements and our Audio-Video speaker cables are easy to apply and very affordable.

2-conductor, available:  
**Transparent and Gray Jacket:**  
 TAVC-10 (C/G) 3mm [10AWG] / conductor  
 TAV-14 (C/G) 2mm [14AWG] / conductor

**Flat type in Gray Jacket:**  
 TAVC-16FG [16AWG] / conductor

Multi-stranded, CCA (Copper Clad Aluminum) conductors

Low capacitance dielectric insulation

High stability, pressure extruded, ultra-flexible clear or gray PVC outer jacket

## TRI-100 AZURE Line RCA Cables [available terminated]

Because music signals are continuous streams of analog data, in case of any disruption or errors during transmission through an RCA audio cable there is no chance to replace any missing part of the audio signal. It is crucial to use a high grade analog RCA audio interconnect cable that preserves more information and significantly improves sound quality.

Thanks to their specific design, high-quality materials (4N purity oxygen free copper conductors, pure copper gold-plated plugs) and very low capacitance and inductance, TAGA Harmony high-performance RCA audio cables from the Azure series do not disrupt signal flow in any range of sound frequencies.

The sound is clear and neutral with tight, powerful bass and a rich midrange with ultra-clear and spacious highs. Recommended for demanding home stereo systems.

Ultra-high purity Stranded 99.99% Oxygen Free Copper 0.8mm [22AWG] conductors

RCA plug body and pin: gold-plated copper

Robust RCA plug shell: easy-grip, chromium-plated brass with a layer of copper

2-level shielding: braided 99.99% Oxygen Free Copper and aluminum

Ultra-efficient FPE insulation with PVC and Nylon jackets

Soldered for optimal sound reproduction and reliability

Packaging: canvas bag, 2 adjustable cable ties included

## TAVC-SY Subwoofer Y Cables [available terminated]

The TAVC-SY series cables utilize special "Y" design for connecting the left and right active subwoofer inputs for increased clarity and bass response (higher gain).

Ultra-high purity OFC conductors and high-grade 24K gold-plated RCA connectors.

Now your bass will be stronger, deeper and more dynamic!

Ultra-high purity 0.8mm [22AWG] 99.99% Oxygen Free Copper conductors, Precision machined, low-profile RCA connectors with gold-plated contacts

2-level shielding: braided 99.99% Oxygen Free Copper and aluminum FPE - low friction and non-reactivity extra flexible insulation for conductors

Low friction, easy-to-pull outer PVC jacket

0.8mm [22AWG] + 0.6mm [24AWG]  
Terminated with Gold-Plated connectors

Ultra-high purity 99.99% Oxygen Free Copper conductors

24 AWG conductor:  
HDPE – Ultra low-loss, low capacitance high-density polyethylene dielectric insulation  
22 AWG conductors:  
PVC Aluminum-magnesium braid shielding

## TUD-20 Type A-to-B USB 2.0 Digital Cable [available terminated]

Because music signals are continuous streams of data, in case of any disruption or errors during transmission through a USB cable there is no chance to replace any missing part of the audio signal. It is crucial to use a high grade USB cable that preserves more information and significantly improves sound quality.

TAGA Harmony high-performance USB cables are capable of minimizing transmission errors and frequency-related phase shift, what dramatically improves the sound which is more clear, natural, tight and powerful.

### TCB-008 BANANA Plugs

24K direct gold plating on copper

Fits speaker cables up to 16 x 18AWG

Screw-down

### TCB-001 BANANA Plugs

Direct gold plating

Fits speaker cables up to 10 AWG

Screw-down

### TSK-01 Spike Supports

Aluminum, rubber pads on the bottom

Packet (4 pieces) [Black or Silver]

### Cable Bag, Cable Tie

Supplied with selected terminated cables
