

# Lightball

Should the Lightball be classified as a mood lighting with a speaker? Or as a BT-speaker with mood lighting? Owning a Lightball, you have a tool that wirelessly pimps the music from your mobile in a blink of an eye. The Lightball colours your music. Even literally! The integrated LED-function provides the colour and intensity you desire, through RGB-operation. You wish for even more dynamic? Then activate the integrated sensors using the remote control. By adjusting the colours and brightness to your favourite tunes, a genuine discotheque is achieved.

The Lightball colours your day. Its sleek design is a feast for the eye and ear. Your ideal buddy during every outing!
